

Novasub makes three type standard Camera and light brackets.

SSBCAM & SSBLUX6

Small Stainless fixing brackets the Kirby Morgan Helmets and Bandmask. These makes integration of the Novasub Camera and LED light on the helmets very easy and compact.

SSBCAMB,SSBLUX6B, SSBCAMLEDB

Flexible all position ballbrackets for fixed camera and light installation. The ball brackets make it possible to align the camera or light in any direction by one simple handling.

SSBHHG

Hand Held Grip
Easy to handle stainless steel bracket with Plastic hand grip.
