

NOVASUB

BRACKETS

For Cameras and Lights

BRACKETS Mounting options for Cameras and Lights

Novasub cameras and lights can be attached using brackets. There are four kinds of brackets: clamp brackets, handbracket, KM helmet brackets and SS KM Helmet brackets. All brackets are robustly designed and are made from stainless steel. The clamp brackets can be easily welded on object and the helmet brackets are very compact.

Clarification Table

FOR ↓ ON →	Clamp	KM Helmet (17, 27, 37, 47, 57)	SS KM Helmet (37SS, 77, 97)	KM Bandmask (18, 28)
HELIOS-1 (LUX1MZSS)	-	SSBLUX3MZ	SSBLUX3MZV2	SSBLUX3MZ
HELIOS-2 (LUX3MZSS)	SSBLUX3MZ-C	SSBLUX3MZ	SSBLUX3MZV2	SSBLUX3MZ
HELIOS-3 (LUX6Mx)	SSBCBø30MM	-	-	-
HELIOS-4 (NSLxG)	SSBNSBCB-A	SSBNSBCB	SSBNSBCBV2	SSBNSBCBV3
ARGOS-1 (NSBCBSSVx)	SSBNSBCB-A	SSBNSBCB	SSBNSBCBV2	SSBNSBCBV3
ARGOS-2 (NSBCLSSVx)	SSBCBø30MM	-	-	-
ARGOS-3 (NSBCBSSx)	SSBNSBCB-A	SSBNSBCB	SSBNSBCBV2	SSBNSBCBV3
ARGOS-4 (NSHDUACNIPx)	SSBHDUANIP	-	-	-

BRACKETS Mounting options for Cameras and Lights

SSBLUX3MZ

The SSBLUX3MZ is a stainless steel bracket that can be used to mount the HELIOS-1 and HELIOS-2 series lights to non-stainless steel Kirby Morgan helmets.

Used For

HELIOS-1
(LUX1MZSS)

HELIOS-2
(LUX3MZSS)

Used On

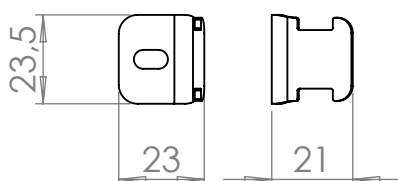

Kirby Morgan Helmet
(17, 27, 37,47 and 57)

Kirby Morgan Bandmask
(18, 28)

SSBLUX3MZV2

The SSBLUX3MZV2 is a stainless steel bracket that can be used to mount the HELIOS-1 and HELIOS-2 series lights to stainless steel Kirby Morgan helmets.

Used For

HELIOS-1
(LUX1MZSS)

HELIOS-2
(LUX3MZSS)

Used On

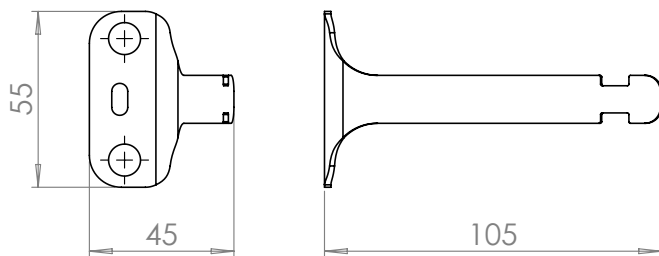

Kirby Morgan Helmet
(37SS, 77 and 97)

BRACKETS Mounting options for Cameras and Lights

SSBNSBCB

The SSBNSBCB is a stainless steel bracket that can be used to mount the ARGOS-1, ARGOS-3 and HELIOS-4 series to non-stainless steel Kirby Morgan helmets.

Used For

HELIOS-4
(NSLxG)

ARGOS-1
(NSBCBSSVx)

Used On

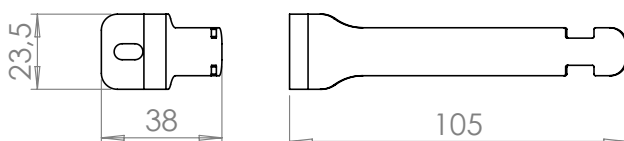

ARGOS-3
(NSBCBSSx)

Kirby Morgan Helmet
(17, 27, 37,47 and 57)

SSBNSBCBV2

The SSBNSBCBV2 is a stainless steel bracket that can be used to mount the ARGOS-1, ARGOS-3 and HELIOS-4 series to stainless steel Kirby Morgan helmets.

Used For

HELIOS-4
(NSLxG)

ARGOS-1
(NSBCBSSVx)

Used On

ARGOS-3
(NSBCBSSx)

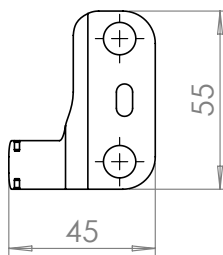

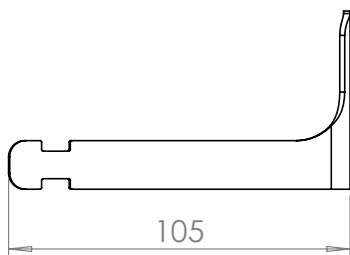

Kirby Morgan Helmet
(37SS, 77 and 97)

BRACKETS Mounting options for Cameras and Lights

SSBNSBCBV3

The SSBNSBCBV3 is a stainless steel bracket that can be used to mount the ARGOS-1, ARGOS-3 and HELIOS-4 series to Kirby Morgan bandmasks. The bracket is not symmetrical to provide access to the rubber bands. This bracket should be used on the side-block side.

Used For

HELIOS-4
(NSLxG)

ARGOS-1
(NSBCBSSVx)

ARGOS-3
(NSBCBSSx)

Used On

Kirby Morgan Bandmask
(18, 28)

BRACKETS Mounting options for Cameras and Lights

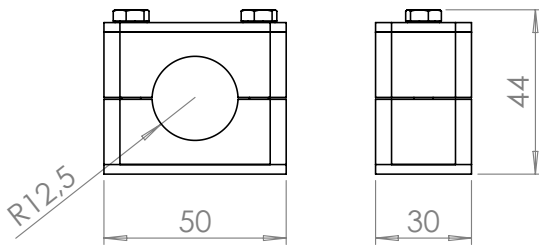

SSBLUX3MZ-C

The SSBLUX3MZ-C is a clamp bracket that can be used to mount the HELIOS-2. The clamp has a weld plate to easily weld the bracket to a object.

Used For

HELIOS-2
(LUX3MZSS)

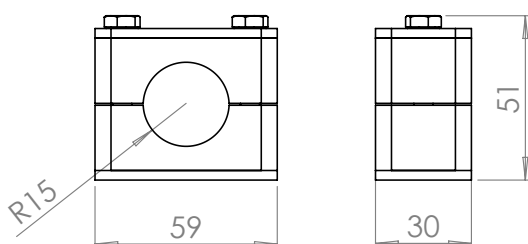

SSBCBø30MM

The SSBCBø30MM is a clamp bracket that can be used to mount the HELIOS-3 and ARGOS-2. The clamp has a weld plate to easily weld the bracket to a object.

Used For

ARGOS-2
(NSBCLSSVx)

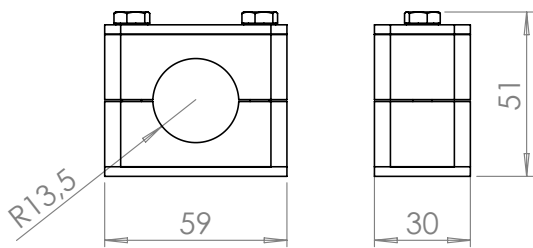

HELIOS-3
(LUX6Mx)

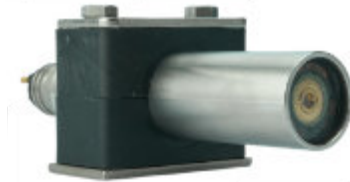

BRACKETS Mounting options for Cameras and Lights

SSBNSBCB-A

The SSBNSBCB-A is a clamp bracket that can be used to mount the HELIOS-4, ARGOS-1 and ARGOS-3. The clamp has a weld plate to easily weld the bracket to a object.

Used For

HELIOS-4
(NSLxG)

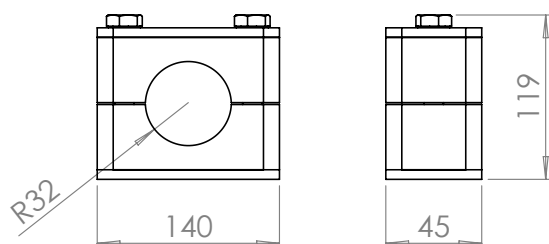

ARGOS-1
(NSBCBSSVx)

ARGOS-3
(NSBCBSSx)

SSBHDUANIP

The SSBHDUANIP is a clamp bracket that can be used to mount the ARGOS-4. The clamp has a weld plate to easily weld the bracket to a object.

Used For

ARGOS-4
(NSHDUACNIPx)

BRACKETS Mounting options for Cameras and Lights**SSBHHG-MZ**

The SSBHHG-MZ is a handbracket that can be used underwater to mount a camera and light. It is made from a stainless steel plate and a plastic hand grip. The grip can be used for the HELIOS-1, HELIOS-2, HELIOS-4, ARGOS-1, ARGOS-2 and ARGOS-3 in any configuration.
